Let's Cool Off ...

It's warm this evening isn't it? I certainly wish I were down at either Gilbert-Bishop's or Weldorado Drugs with a nice big ice cream soda in front of me. They have air conditioning now, you know, and it is so comfortable. I like to buy my cosmetics and drugs at a REXALL store, too, for they always have a lady attendant that seems to know my particular needs. They say that in the REXALL PLAN the "middle man" profit is passed along to the customer and I like to save my extra pennies—that is why I say you "Save with Safety" at your REXALL stores. Remember after the show you may have curb service until midnight at Weldorado Drugs—it's the store with the darting red arrow.
