1982

University of Northern Colorado

## The University

For 92 years, the University of Northern Colorado has had a nationally preeminent Summer Session.

Each summer, the 11,000-student campus enrollment tapers to 6,000, allowing a personalized academic experience.

Our Summer Festival of the Arts invigorates UNC's thrust as a university, and yields a rich cultural harvest for the campus and the community.

The University is accredited by the North Central Association of Colleges and Secondary Schools.

Summer Session at UNC is a university in microcosm. Four sessions, a wide range of programs, and fine facilities, including the James A. Michener Library, are pleasantly accessible.

## Greeley

Greeley's excellencies lie in its ambience of tranquility and energy; an interesting blend of historical and new; and a mixture of culture and the Western spirit. The location of this pleasant city of 64,000 is the center of rich farmland, open prairie and cattle ranches to the east and north, the excitement of urban Denver to the south, and the grandeur of the Rocky Mountains to the west.

## For Your Family

The entire family is included in UNC's concern for excellence.

Individualized reading classes (K-adult) are available through the Reading Center, McKee Hall 1, (351-2908), including individual and group tutoring in remedial reading. Greeley School District Six (352-1543) conducts classes for youngsters from second grade through high school.

Talented, gifted and creative children (grades five through twelve) may apply for acceptance in the Summer Enrichment Program by writing Dr. George Betts, Kephart Center, Department of Special Education, Bishop-Lehr Annex (351-2893).

If you choose residence hall living, children ages seven through 14 may be included in UNC's recreational and cultural activities, (351-2067). And a comprehensive program of arts, sports and other activities is offered for all ages by Greeley's Recreation Division (353-6123).

## Library Services

With 500,000 volumes contributing to a total of 1.2 million learning units, a wealth of material is available for the enrichment of students in the James A. Michener Library.

Inter-library Services offer an extra dividend. Through the Michener Library reference department you may request and borrow materials from any other state college or university library.

Films, photo duplication and microform reading and storage are available for use in the Multimedia Services area. Education materials such as textbooks, curriculum guides and testing materials are housed for teaching professionals in the Educational Resources Center.

A reading room offering full library services is easily accessible to the handicapped on Michener's lower level.

Films, video tapes, film strips and other media materials are yours for the asking in Educational Materials Services. EMS also coordinates the use of all audio visual equipment for the campus. Should you want to produce or duplicate audio visual materials, a professional staff and facilities are available with materials and expertise for television, slide/tape shows, audio tape, and graphic arts material, including overhead transparencies.

You will find recordings, scores, listening equipment, and a special selection of books in the Music Library. Children's and young adult literature is located in the Laboratory School Library of Bishop-Lehr Hall.

## A Summer with the Arts

Guest artists of national and international stature join University students and faculty in the annual Summer Festival of the Arts with its wide variety of art exhibits, plays, musical comedy, opera, recitals, and band and orchestra concerts. UNC performing groups include the summer companies of Opera Theatre and Little Theatre of the Rockies, the Festival Orchestra and Wind Ensemble and the Summer Symphonic Band.

The Summer Festival Orchestra and Wind Ensemble performs five orchestral concerts, one opera and two wind ensemble concerts, some with guest conductors and guest artists. The Summer Symphonic Band performs four Concerts Under the Stars in UNC's outdoor Garden Theater.

Little Theatre of the Rockies (LTR), and Opera Theatre, provide summer students an opportunity to enjoy a professional experience in legitimate, resident theater. The program of five productions in as many weeks includes dramas, an opera and a musical. Company members are involved in both the acting and technical aspects of professional theater, working under the excitement and intensity of a rigorous production schedule.

Members of the summer company are chosen from outstanding applicants from across the nation. They include college and university students, teachers of drama and performers seeking to increase their repertoire and technical experience.

University credit hours, tuition waivers, scholarships and salaried positions are available to qualified applicants. For further information, contact John Willcoxon, Little Theatre of the Rockies; Howard Skinner, Summer Festival Orchestra/Opera Theatre; or Eugene Corporon, Summer Festival Wind Ensemble/Symphonic Band. The address is 1982 Summer Festival of the Arts, College of Performing and Visual Arts, University of Northern Colorado, Greeley, Colorado 80639.

## Course Load and Credit

The normal load for graduate credit applicable to a degree is 15 hours per quarter. Overloads must be approved by the Dean of the Graduate School.

You may take 16 hours of course work applicable to the degree program or certification during the regular eight-week session. If you attend the pre-session plus the regular session, or the regular session plus the post-session, you may count 19 hours in the degree program. If you take work in all three sessions, you may count 20 hours in the degree program or in certification. If you wish to register for individual study or a course with the departmental prefix 622 for the pre-session, you must register for that course on June 14, the 10-week starting date.

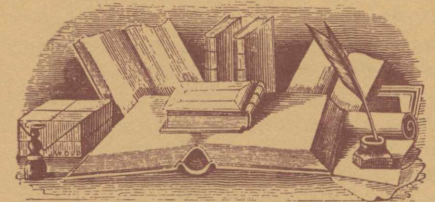

## Master's Degree

The master's degree may be earned in three summer quarters of full-time study. The master's degree is awarded upon completion of a minimum of 45 quarter hours of credit. Candidates must be on

campus enrolled as full-time students for two quarters (*at least ten weeks attendance and completion of ten quarter hours per quarter; eight weeks attendance and completion of ten quarter hours during the summer quarter*) to satisfy the minimum residence requirements.

The master's degree is offered in the following disciplines: Anthropology; Biological Science; Botany; Business; Chemistry; Communication; Curriculum and Instruction; Earth Science; Economics; Educational Administration; Educational Media; Elementary Education; English; Fine Arts; Foreign Languages; Geography; Gerontology; Health, Physical Education and Recreation; History; Home Economics; Industrial Arts; Mathematics; Music; Nursing; Physics; Political Science; Psychology; Reading; Statistics and Research Methods; Science Education; Social Science; Sociology; Special Education; Theater Arts; and Zoology. You may be admitted to an Ed.S. degree program with only a baccalaureate degree, but your program will require a minimum of 90 quarter hours.

The Ed.S. degree program is *not* necessarily a program of more courses in the same departmental patterns. It can be a multi- or cross-disciplinary program designed to serve the specific educational needs

of a professional teacher. As an applicant for admission to the program you will be considered on an individual basis in terms of your area of specialization. If the University does not have the facilities, course offerings or staff to support every area, it is prepared to provide study opportunities in virtually all facets of teaching.

In some disciplines, the Ed.S. course of study is partially or fully prescribed to satisfy certification requirements. If you choose to continue work toward a doctoral degree on completion of the Ed.S. degree you may apply for admission to the doctoral program. Specialist in Education degrees may also be earned through the Interdisciplinary Degree program. Students interested in an Interdisciplinary Degree specialist program should contact the Graduate School.

### Doctor of Arts

The doctor of arts is offered in the following disciplines: Biological Sciences, Chemistry, Geography, History, Mathematics, or Music. You must earn a minimum of 72 quarter hours of credit and pass comprehensive examinations. In addition, you must write and defend an acceptable dissertation. The doctor of arts degree may also be earned through the Interdisciplinary Degree program. Students interested in an Interdisciplinary Degree doctoral program should contact the Graduate School.

If your work is acceptable to all members of the Oral Comprehensive Examination Committee, you may transfer an additional 23 quarter hours.
